

YOUR INSURANCE GUIDE

BE INFORMED. BE PREPARED. BE EMPOWERED.

Understanding your insurance coverage is the first step in getting the hearing care you deserve. This guide will help you know exactly what to ask your insurance provider before your Care Team call with Lexcare Hearing.

A little preparation today can lead to better care and fewer surprises tomorrow.

QUESTIONS TO ASK YOUR INSURANCE PROVIDER

1. DO I HAVE COVERAGE?

Do I have hearing healthcare coverage under my plan?

2. WHAT IS MY COVERAGE?

What does my plan cover for hearing aids, tinnitus treatment, and cochlear implants? Are there dollar limits, percentages, or timeframes for this coverage?

3. OUT-OF-POCKET COSTS

What are my deductibles, copays, and coinsurance amounts? How much will I be responsible for out-of-pocket?

4. IN-NETWORK PROVIDERS

What clinics or providers are in-network for:

- Hearing aids
- Tinnitus treatment
- Cochlear implants

Do I need a referral to see a specialist?

5. POLICY DETAILS

Are there any exclusions or limitations I should be aware of? Do I need prior authorization for any services or devices?

NO COVERAGE?

No Problem.

If you do not have coverage, our Care Team can refer you to a reputable telehealth partner that is both easy and affordable, offering largely discounted hearing aids.

You still have options—and we're here to help.

HAVE COVERAGE?

Let's Move Forward.

Once you have your insurance details, book a Care Team session and we'll help you maximize your benefits and plan your next steps.
